### **Report - Placement Drive with Axis Bank**

School of Open Learning is pleased to announce that it has established a Placement Cell with effect from September 4, 2018, for the benefit of SOL students. The Cell has been created to address the need of students to find a suitable placement after completion of their studies at SOL. This initiative endeavors to provide a platform where students can interface with recruiters within a reliable framework and find suitable placements.

The Placement Cell has a fully functional website ([https://sol.du.ac.in/placement\\_cell/](https://sol.du.ac.in/placement_cell/)) to provide the latest information to students regarding the available Job vacancies. Students are also informed about the Placement Drives through SMS, notices, and link on SOL portal.

In the month of May 2022, the cell organized a Placement drive for Business Development Executive (AXIS Bank) jointly with NIIT Ltd. Around 800 students invited via SMS who were registered under the Placement cell registration for the profile. And **48 students walking** for the interview. 21 students appeared for first round of interview and **15 students were selected** and 7 students went to branch (AXIS BANK) for the final interview. **Total 4 students selected and went for training with AXIS BANK** and started their career in professional life.

The Placement Cell functions under supervision of a Placement Committee headed by the Convener Prof. Suman Kumar Verma. It has members from the academia as well as the administrative set-up.

Students are benefited immensely from the Placement Drives at SOL. The Placement Cell strives continuously to connect with more recruiters to provide excellent placement opportunities for SOL students.

Submitted please
